- 8. (Canceled)

9. (Original) A method according to claim 1, wherein said value includes at least one future value of said at least one intellectual property asset, and said unexpected change in value is determined at the time for which said at least one future value was determined.

10. (Original) A method according to claim 9, wherein said value further includes a current value of said at least one intellectual property asset.

11. (Original) A method according to claim 1, wherein said intellectual property asset includes at least one member selected from the group consisting of patent rights, patent application rights, trademark rights, service mark rights, copyright rights, trade secret rights and trade dress rights.

12. (Canceled)

13. (Original) A method according to claim 1, wherein said person with an interest in the first party includes at least one member selected from the group consisting of an officer of the first party, a director of the first party, a prospective purchaser of said at least one intellectual property asset, an officer of the prospective purchaser, and a director of the prospective purchaser.

14. (Original) A method according to claim 1, wherein said person with an interest in the first party includes at least one member selected from the group consisting of a prospective purchaser of said at least one intellectual property asset, an officer of the prospective purchaser, and a director of the prospective purchaser.

15. (Original) A method according to claim 1, wherein said unexpected change in value is based upon a legal determination of at least one of invalidity and unenforceability of said at least one intellectual property asset.

16. (Canceled)

17. (Original) A method according to claim 1, wherein step (b) includes analyzing the validity of said at least one intellectual property asset.

18. (Canceled)

19. (Original) A method according to claim 1, wherein said at least one intellectual property asset includes at least one patent right.

20. (Canceled)

21. (Original) A method according to claim 1, wherein the offer to provide compensation is made to said party with an interest in the first party in connection with transfer of ownership of said at least one intellectual property asset to a second party.

30. (New) A computer-implemented method of providing evidence regarding risk to a value of an intellectual property asset, the method comprising:

(a). obtaining a description of at least one intellectual property asset of a first party,

(b). determining a value of said at least one intellectual property asset,

(c). determining a cost of providing compensation for an unexpected change in value of said at least one intellectual property asset,

(d). computer-generating an offer to provide compensation for at least a portion of any unexpected change in value of said at least one intellectual property asset to a person with an interest in the first party,

(e) obtaining a first fee in exchange for the offer to provide compensation, and

(f) declining the offer to provide compensation, wherein step (f) is executed by said person with an interest in the first party, and wherein said person with an interest in the first party in consequence does not pay a second fee as an insurance premium.

31. (New) A method according to claim 30, wherein step (d) includes providing an evaluation of said at least one intellectual property asset.

32. (New) A method according to claim 30, wherein said value includes at least one future value of said at least one intellectual property asset, and said unexpected

change in value is determined at the time for which said at least one future value was determined.

33. (New) A method according to claim 32, wherein said value further includes a current value of said at least one intellectual property asset.

34. (New) A method according to claim 30, wherein said intellectual property asset includes at least one member selected from the group consisting of patent rights, patent application rights, trademark rights, service mark rights, copyright rights, trade secret rights and trade dress rights.

35. (New) A method according to claim 30, wherein said person with an interest in the first party includes at least one member selected from the group consisting of an officer of the first party, a director of the first party, a prospective purchaser of said at least one intellectual property asset, an officer of the prospective purchaser, and a director of the prospective purchaser.

36. (New) A method according to claim 30, wherein said person with an interest in the first party includes at least one member selected from the group consisting of a prospective purchaser of said at least one intellectual property asset, an officer of the prospective purchaser, and a director of the prospective purchaser.

37. (New) A method according to claim 30, wherein said unexpected change in value is based upon a legal determination of at least one of invalidity and unenforceability of said at least one intellectual property asset.

38. (New) A method according to claim 30, wherein step (b) includes analyzing the validity of said at least one intellectual property asset.

39. (New) A method according to claim 30, wherein said at least one intellectual property asset includes at least one patent right.

40. (New) A method according to claim 30, wherein the offer to provide compensation is made to said party with an interest in the first party in connection with transfer of ownership of said at least one intellectual property asset to a second party.
